## New Store

We have closed the store in Conshohocken in Viggiano's because the restaurant was sold and the new owner has a liquor license. Our new store will be open soon at 711 Easton Road Valley Square Shopping Center Warrington, PA. The name of the store is "Taste" Sand Castle Winery's Gourmet Experience. The store with its convenient location will be selling many gourmet products such as Flavored Olive Oils, Balsamic Vinegars, Di Bruno Bros. cheeses along with many other items. The opening is targeted before Labor Day. Please look at our website for details.

## Cellar Sampler Festival

August 15—16

John Haritos, artist to the rock stars!

After a devastating accident John taught himself to walk again and paint with his left hand. He has spent the next 20 years devoted to rock art, painting rock artists and obtaining their auto-graphs on his paintings. Come see his works of art of the rock stars.

## Vineyards

Against all odds the grapes are actually ripening. Pinot Noir is changing color and all other varieties are slowly growing into mature sized clusters. We still do not know what is going to happen during harvest and what the quality will be like. Every harvest quality is decided by the last two weeks before the harvest. If we are going to have a quality grape the angels will have to turn the water off pretty soon.

## Winery

We are in high gear with Harvest preparation. We are cleaning the vats, repairing pumps, bottling to empty the vats, and checking the harvester for never ending temper tantrums. Our new interns will be arriving soon and we can certainly use their help!
